The Asia Pacific Society for the Study of Speech, Language & Hearing

Founded 1988

Mission Statement
To promote the exchange of research and clinical ideas relating to all aspects of normal and disordered speech, language and hearing throughout the Asia Pacific region, with the following aims:

- Provide an international forum for discussion of issues related to speech, language and hearing.
- Hold a biennial international conference in one of the countries of the Asia Pacific Rim.
- Promote basic and clinical research on all aspects of normal and disordered speech, language and hearing.
- Facilitate the publication of research emanating from the Asia Pacific Rim.
- Facilitate the establishment of international research alliances.
- Provide an international resource to assist new researchers to establish active research programs in various academic and clinical institutions in the Asia Pacific Rim.
- Provide assistance in developing new educational programs within the Asia Pacific Rim.
